 Archdiocese of Galveston-Houston

 St. Anthony of Padua

COMPARING SCORES – Archdiocesan Catholic school administer the Iowa Test of Basic Skills©, which is a nationally norm-referenced standardized achievement test. The scores of our students are compared to students of the same age and grade across the US resulting in a national percentile. Scores are not comparable with the Texas Assessment of Knowledge & Skills (TAKS) since this is a state test that is not nationally norm-referenced.
