

Dear Visitor,

Renee' B. Nunez
Principal

On behalf of the St. Anthony of Padua Catholic School Community, we welcome you to our school website. We appreciate your interest in our school and hope that you find your time on the website useful and informative. We hope you will sense the mission and philosophy of our school throughout. It is our mission and philosophy that drives decision-making related to educational programming, hiring of faculty and staff, recruitment of students, financial planning, and goals for our school.

We are first and foremost a Catholic school called to educate children in a lifestyle that develops caring, faith-filled adults who willingly share their gifts and talents with others. As Disciples of Christ, we witness our faith and share the good news with those around us each day. Our vision is to guide the mind, body, and spirit of the next generation of Catholic leaders to live the Gospel of Jesus Christ and to meet their full potential as people created in the image of God.

Our mission and philosophy centers on the continuous formation of students – spiritually, morally, intellectually, socially, culturally, and physically. St. Anthony of Padua provides a learner-centered curriculum that recognizes individual learning styles, maintains high academic standards and nurtures the development of a life-long love of learning. Our school goes beyond the required state curriculum objectives, providing our students with life lessons centered on the development of morals, values, and character.

Daily, we reap rewards for the sacrifices made by many over the past several years. Our students and staff enjoy indoor and outdoor facilities that are beautiful, spacious, and functional. We work with an incredibly talented and dedicated staff of teachers and support personnel to provide a Christ-centered learning environment for our students. The parent and parish communities are amazing in their generosity of time, talent, and treasure supporting our programs and activities. As we walk the hallways, we feel the energy and enthusiasm of our staff and students. More importantly we also sense the presence of Christ here with us. Our school is truly blessed.

The 2010-2011 school year is our tenth anniversary. Since 2001, St. Anthony of Padua Catholic School has been dedicated to guiding our children to holiness through a Christ-centered education. Our theme for the year-long celebration is "Faith In Our Future". We invite you to visit our website frequently during the year to join us in celebrating our accomplishments, embracing our strong Catholic identity, and looking to a future filled with our continued tradition of excellence.
